FRISCO WILL RAISE FARES IN ARKANSAS

W. B. Biddle, Receiver, Announces
Three Cent Per Mile Passenger
Rate and Increase in Freight
Charges Will Be Made Soon

Springfield, April 7.—A three cent a mile passenger fare will be put into effect in Arkansas within a few days by the Frisco, according to an announcement made yesterday by W. B. Biddle, receiver of the road. Information to this effect was received last night by Frisco officials.

The railroad is preparing a schedule of increased freight rates which will become effective after a conference with the Arkansas railroad commission.

The announcement by Receiver Biddle follows closely the decision of Federal Judge Trierer who Monday declared the Arkansas two cent passenger rate and the commission freight rate confiscatory and enjoined the state from enforcing the rates.

Similar cases to the one decided by Judge Trierer are pending now before the United States courts of Oklahoma and Missouri. Should the courts of these states also decide in favor of the railroads it is probable that a three cent passenger fare will be put into effect in Missouri by the Frisco.

FIGHT PICTURES ARE BARRED

Johnson-Willard Films Are Kept by
Law From the United States

Those who are looking forward to seeing the heavy weight championship won back to the white race on the motion picture screen are to be disappointed. For the films of the Johnson-Willard fight in Havana yesterday never can be exhibited in the United States.

Francis M. Wilson, United States district attorney, said this morning that the federal statutes were clear on that point, and any attempt to exhibit the pictures would only bring immediate prosecution in his opinion. The statute which bars prize fight pictures was approved in 1912. Since that time there have been no big championship battles.

Told That There Was No Cure for Him

"After suffering for over twenty years with indigestion and having some of the best doctors here tell me there was no cure for me, I think it only right to tell you for the sake of other sufferers as well as your own satisfaction that a 25 cent bottle of Chamberlain's Tablets not only relieved me but cured me within two months although I am a man of 65 years," writes J. L. Grobier, Houston, Tex. Obtainable everywhere.

TIME WOULD TELL

"Doctor," said the sick man, "the other physicians who have been in consultation over my case differ from you in the diagnosis."

"I know they do," replied the doctor, who had great confidence in himself, "but the autopsy will show who was right."

Splendid for Rheumatism
"I think Chamberlain's Liniment is just splendid for rheumatism," writes Mrs. Dunburgh, Eldridge, N. Y. "It has been used by myself and other members of my family time and time again during the past six years and has always given the best of satisfaction." The quick relief from pain which Chamberlain's Liniment affords is alone worth many times the cost. Obtainable everywhere.

In the Forest Park precinct Burgess received 10, Lipe 18 and Matthews 9.

W. H. Lipe and Harry Matthews were elected.

John T. Burgess made no effort to secure the election because his duties as prosecuting attorney of Barry county makes it necessary for him to be absent from the city much of his time.

Messrs. Lipe and Matthews will make good officials.

The 60 cent levy carried by 208 majority; the 30 cent levy by 216, and the opening of the Marshall Hill school house for religious and literary purposes by 234.

is the one that

(1) Gives the farmer plenty of time to make improvements, buy more land, improve his stock, seed land down to grass and get ready to make money on the farm before the loan comes due.

(2) Allows the farmer to pay small amounts on his loan from time to time without waiting for the interest pay day, and thereby gradually get out of debt.

MONETT MERCHANTS ARE URGED TO CLEAN PREMISES EARLY

The Sunshine Club held a meeting Tuesday afternoon at which time they discussed ways and means of making a thorough clean up of the town.

The club wishes the clean up to begin in the business section and gave the merchants notice that they wished their premises to be thoroughly cleaned by April 10. The bad weather prevented their beginning as early as expected but now everything is favorable for a thorough cleaning up of the alleys and lots back of the stores.

Investigation has shown that not all citizens have complied with the order to connect with the sewer in sewer districts and an effort will be made to have this done at once. Even in the alley back of Broadway it is found that conditions are very bad in this respect. If after repeated notice has been given, the property owners still fail to comply with the order prosecutions will be made. Alderman Basham, who has charge of the streets and alleys and sanitary conditions, is fully in sympathy with the Sunshine Club in their clean up movement and will co-operate with them in seeing that every part of town is in a sanitary condition.

The contributions for the city park are coming in and \$1,500 is now promised. Monett people are anxious to get a resting place close to the business section where all may enjoy it.
